Brightens & refreshes your outer-eye area using key ingredients like arnica flower extract, and horse chestnut seed extract. Leaves the delicate area toned, firmed and hydrated.

EYEBROW LIFT \$125

Viora's CORE Technology encourages collagen production by fibroblast stimulation and helps reduce loose skin by treating the symptoms effectively and safely - nourishing the skin with peptides and essential vitamins.

HAIR REMOVAL

DERMAPLANING + FACIAL \$85

A gentle, safe exfoliation of the skin that removes the outermost layer of dead cells & fine facial hair. This procedure lightens the skin and makes your face glow.

HAIR REDUCTION / REMOVAL \$100-\$350

Viora's photo-epilation hair removal technology offers a significant reduction in hair growth that is both safe and quick.

FACE

SKIN TIGHTENING \$100-\$300

- o Jowl/Neck Lift
- o Cheek Contouring
- o ReLift/ReFit

SKIN REJUVENATION \$100-\$350

Viora's non-invasive anti-aging treatment that induces cell renewal of the dermal and epidermal skin layers to prompt the body to shed the dull, aged appearance.

WRINKLE REDUCTION \$100-\$350

Viora technology gently heats your skin's underlying network of collagen and elastin fibers - causing the fibers to shrink, restoring your skin's elasticity.

SUN DAMAGE / SPOT REMOVAL \$100-\$350

With over 12 different Viora lasers, this treatment drastically reduces the appearance of age and sun spots.

ACNE CLEARANCE \$ CONSULTATION REQUIRED

Viora Smooth Solution is a non-invasive, virtually painless, multi-benefit solution that reduces blemishes and excess oil, providing refined pores and a beautiful complexion.

TMD (TMJ) TREATMENT \$ CONSULTATION REQUIRED

Using multiple modes of Viora radiofrequency technology makes for an effective, non-invasive treatment that tackles every joint and muscle associated with TMD.

SKIN RESURFACING \$300

While using Viora's V-FR handpick with SVC Technology, the resurfacing effect makes the skin tone even. This is an advanced brightening treatment based on powerful lightening and resurfacing complexes.

VASCULAR LESIONS \$75-\$100

Treatment with Viora's light based technology treats unaesthetic blood vessels at the skin surface. The vascular malformations that can be treated include telangiectasias, Port Wine stains, hemangioma, rosacea, hematomas, and others.

MICRODERMABRASION + FACIAL \$85

Removes the thick, uneven outer layer of skin using a minimally abrasive instrument. Treating light scarring, sun damage & discoloration. Includes a thorough cleansing, toning, and relaxing facial.
